# SAFETY DATA SHEET

1 Identification of the material or preparation and of the company

Product name: Floor wipes Propylux 60x20cm

Product code: 7206020K (19007)

Producer:

FLASH BV
Lichtstraat 8
5349 CA Oss
THE NETHERLANDS

FLASH BV
P.O. Box 364
5340 AJ Oss
THE NETHERLANDS

Tel. +31-(0)412 756930
Fax +31-(0)412 756931

2 Composition and information ingredients

Composition:

| | | Weight % | |
|---|---|---|---|
| Non-woven cloth: | approx. | 78% | (of which PP 80% + cotton 20% ) |
| Impregnation: | approx. | 22% | (100% mineral oil) |
| Total | | 100% | |

3 Dangers — irrelevant

4 First Aid measures — irrelevant

5 Fire abatement measures

Appropriate fire-extinguisher: Foam / CO2 / Dry solvent

6 Measures in case of accidental draining

* Personal measures: irrelevant
* Environmental measures: irrelevant
* How to clearaway: burn

7 Handling and storage

Handling: By preference keep the tissue in closed foil package

8 Measures for control of exposures / personal protection

* General measures: irrelevant
* Exposure limit irrelevant
* Personal protection irrelevant
* Protection of the respiratory organs: irrelevant
* Protection of hands: irrelevant
* Protection of the eyes: irrelevant
* Protection of skin and body: irrelevant

9 Physical and chemical qualities

| | | | |
|---|---|---|---|
| Size: | | 60 x 20 | cm |
| Absolute weight per tissue excl. impregnation: | approx. | 5.04 | g |
| Absolute weight per tissue incl. impregnation: | approx. | 6.48 | g |
| Weight per m² excl. impregnation: | | 42 +/+ or -/- 2.5 | g/m² |
| Weight per m² incl. impregnation: | | 54 +/+ or -/- 2.5 | g/m² |

| | |
|---|---|
| Colour: | yellow |
| Smell: | neutral |
| PH: | irrelevant |
| Relative water solubility: | irrelevant |
| Flash point: | irrelevant |
| Analyse temperature: | irrelevant |
| Self ignition temperature: | irrelevant |
| Lowest explosion limit: | irrelevant |
| Highest explosion limit: | irrelevant |
| Dangerous reactions: | irrelevant |
| Further information: | irrelevant |

10 Stability and reactivity:

| | |
|---|---|
| Stability: | irrelevant |
| Avoidable circumstances: | irrelevant |
| Avoidable materials: | irrelevant |
| Dangerous products: | irrelevant |

11 Toxicological information: irrelevant

12 Information in relation to the environment:

Burns with slight ash formation, slight soot formation, no HCL-damps.

13 Instruction for removal

Refuse processing: burning

14 Information in relation to transport irrelevant

15 Legal obligated information: irrelevant

16 Further information:

When the wipe tissues are used they do not lead to statical loading.

Concerning the impregnation liquid: the liquid is colourless, smellless, tasteless, neutral, not toxical and free from acids and alkali.

The impregnation liquid meets the requirements of the United States Pharmacopoeia (U.S.P.), the National Formulary (N.F.) and the United States Food and Dry Administration (F.D.A.).

The information on this data sheet is gained from reliable sources and is accurate on the mentioned date. The firm accepts no responsibility proceding from using the information or from using / processing the products.

We make you aware of the possible dangers in case the products are used in the wrong way.
